Top 25 MUST READ Books For Black People

What you will discover in this PDF

This PDF contains a carefully compiled list of the best books for the Blackman and Woman to obtain knowledge of self and others. Particularly those who live in the Diaspora who want to know who they are as it relates to prophesy and what must be done. The books cover a range of topics that are quintessential for the reformation and salvation of the Blackman and Woman as we move into the next stage of our individual and collective development. These books are in no particular order. All of the books on this list will help the Black people reach their full God given potential. Take a close look at #3 if you have not already read that book. There is a link to grab a copy for each book on this list. Enjoy!

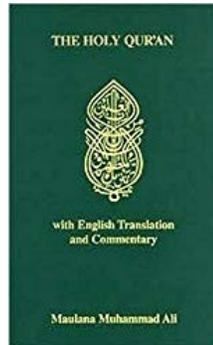

1. The Holy Bible 1611 King James Version with Apocrypha

This particular version of the Bible is very important. This is no easy read as it is written in Old English (before the letter J). However, this translation simply contains important aspects, like the forward from King James that reveals who it is written for. King James was a King of Great Britain, France, and Ireland.

2. The Holy Qur'an with English Translation and Commentary by Maulana Muhammad Ali

This version of the Holy Qur'an is the translation recommended by the Nation of Islam. Even if you are a Christian you should grab a copy of this book. Take notice that in various Hollywood movies subtle importance is placed on this book for those who are initiated. Don't believe me? Check out the movie V for Vendetta or the pictures of Shriners with Islam written on their fez, they have a copy!

5. How To Eat To Live Book 1

How To Eat To Live, Book 1 By Elijah Muhammad For more than 30 years, messenger Elijah Muhammad has been teaching the so-called Negroes of America on the proper foods to eat to improve their mental power, physical appearance, for prevention of illness, curing of ailments and prolonging life. Given the humble, economic conditions of the blacks in America, an inexpensive, yet highly nutritional diet was given to them by Elijah Muhammad. Before the health craze that has swept the country, Elijah Muhammad and the Nation of Islam were head of the curve as far back as the early 30's. This is the first of two books written with this simple, yet revolutionary way of eating.

9. From Niggas to Gods, Part One

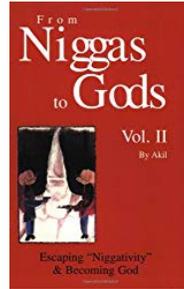

...A message to the Black Youth.

This is a compilation of individual essays written during the summer-fall of 1992. The essays are designed to inspire thought within the Black Mind. These writings are primarily targeted toward the Black Youth of this day.

"They" say that my generation is not intelligent enough to read a book. I say that "They" are wrong. It is just that "They" are not writing about anything of interest that is relevant to our lives! And when "They" do write something, they have to write in the perfect "King's English" to impress their Harvard Professors! If you have got something to say, just say it! The Black Youth of today don't give a damn about Shakespeare!!! We are dealing with the life, blood, and salvation of our entire Black Nation! If you want to reach the People, you have to embrace us where we are, and then take us where we need to go. So, these writings are from my generation and for my generation with respect and love. If no one will teach, love and guide us, then we will teach love and guide ourselves.

10. From Niggas To Gods, Part Two

Long Awaited! Much Anticipated! But, let me ask the question, Have you been vaccinated? Because here comes an Inoculation of Truth, Guaranteed to immunize you niggativity proof. Niggativity is that deadly mental disease killing-off the Black Community; making us live like slaves, even though we born free. But exempt and liberated God will soon be! God will soon, Be. Here comes that healing cupful of truth. Bitter to some, but sweet to the true, So, pass the cup, after you have drank the down. And never again let evil hold The Originals Down!

11. The Science Of Self

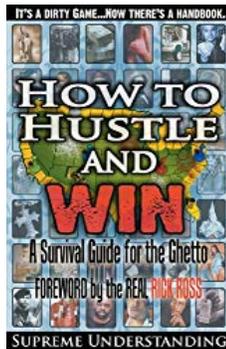

THIS BOOK WILL CHANGE THE WAY YOU SEE SCIENCE

The Science of Self is a dynamic tour of reality, covering the formation of our universe, the development of life, and the laws that govern these processes and personify themselves as Man. The book introduces readers to hundreds of scientific fields, peering into what quantum mechanics, genetics, anthropology, mathematics, and archaeology have to say about the past, present, and future of Black and brown people. As the first of a five-volume series, this text ventures beyond superficial ideas about history, science, and metaphysics, plunging into questions about the mathematical language that connects, man, God, and the laws of nature.

What is the origin of Blackness? Why is melanin found in space? How did life evolve from one ancestor into the diversity we see today? How did the Black man shape the Earth long before he built the pyramids? What is the mathematical blueprint that is hard-wired into our consciousness? Is there a difference between the mind and the brain? What does it mean to be the Original Man and Woman?

12. How To Hustle and Win Part 1

Likened to a 48 Laws of Power for young Black men, this book presents Black biographies, history, and current events in a language that the Hip-Hop generation will understand and relate to. Each story or essay is framed within the context of a life lesson, each one being of vital importance to the survival, redemption, and ultimate success of our dying Black generation. Both the positive and negative sides of the Black experience are explored in detail, from the lives of infamous drug dealers and pimps to the exploits of Black revolutionaries and activists. In addition, several How To sections outline simple strategies for self-development. Packed with useful information, from the best way to handle confrontations with police, to the continuing relevance of the 1919 race riots, this book has been compared to an urban Encyclopedia Africana. Others have called it a Blueprint for Black Power for a generation struggling with materialism and short attention spans. This book is guaranteed to change the world by changing the way millions of people think and live. In How to Hustle and Win, author Supreme Understanding tells, in often graphic detail, stories like that of the infamous Philadelphia Black Mafia, Harlem's heroin kingpin Frank Lucas, and former gang leader Stanley "Tookie" Williams. In between and throughout these tales, he weaves life lessons and guidance, turning sordid stories of crime and urban despair into an educational experience. Whereas Robert Greene's bestselling 48 Laws of Power used iconic figures from classical history to illustrate the guidelines for personal success, How to Hustle and Win is filled with the exploits of rappers, gangsters, radicals, and revolutionaries. This is a new kind of Black history book, and its intent is the motivation and achievement of a new kind of reader. Although today's literary market has seen an influx of self-help books attending to a variety of issues, few books have attempted to address the concerns of young Black men, struggling to find direction. It is this group that author Supreme Understanding names as one of most troubled demographics in American society today. On the book's website, the author comments: "Unfortunately, few authors actively target this audience, and those who do are either not speaking their language, or not interested in pushing for change. This is why How to Hustle and Win was written. This book will change the minds of millions of young men of color, and by doing this, it will ultimately change the world." Revolutionary aspirations aside, How to Hustle and Win's groundbreaking concept results in a truly appealing work. Its essays are delivered in short bursts, none of them over four pages long, making it ideal for struggling readers and those with shorter attention spans. At the same time, the book is filled with a wealth of information that would enlighten educated readers equally. In fact, the author juxtaposes his own personal tales of early delinquency and misdirection with his later years of professional success, including obtaining a doctorate in education at the age of 26.

13. How To Hustle And Win Part 2

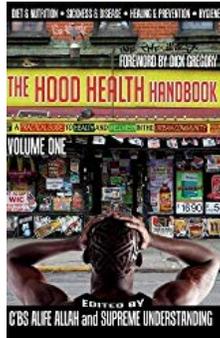

How to Hustle and Win: Rap, Race and Revolution, Part Two is the highly anticipated follow-up to the bestseller How to Hustle and Win: A Survival Guide for the Ghetto, Part One. Part Two continues where Part One left off, and leads readers down a road to empowerment, self-discovery, and personal transformation. Author Supreme Understanding once again offers an incredible assortment of stories, commentaries, and anecdotes illustrating valuable life lessons and solutions to the problems encountered by urban communities. Rap, Race and Revolution speaks the language of the streets, but provides a unique perspective on what it will take to truly change the game; If you're interested in breaking from the crowd and finding your calling in life, this book is what you need. Along with How to Hustle and Win, Part One, this book provides the answers we should all be looking for.

 This book was previously released under the title Rap, Race and Revolution: Solutions for Our Struggle. This revised edition contains the same content plus an addition 16 pages.

14. The Hood Health Handbook: A Practical Guide to Health and Wellness in the Urban Community (Volume One)

How can you attain optimum health with minimum resources? This book shows us how, in plain English. Hood Health is an anthology of health experts from urban communities throughout the Americas, offering practical health solutions. Topics include diet, exercise, psychological wellness, reproductive health, environmental toxins, urban survival, and budgeting. Over a dozen writers contributed to this handbook, edited by C BS Alife and Supreme Understanding. The contributors include fitness gurus, dieticians, personal trainers, and holistic practitioners from around the country. The completion of the text was supervised by a panel of licensed physicians. Black and Brown people in America are two to six times more likely to die from health-related complications than their white peers, even when you look at people whose income is the same. Why? What is happening in urban communities? And what can be done to change it? The answers are in this book. The Hood Health Handbook is a COMPREHENSIVE source of information and insight on EVERY health issue faced by the urban community. In plain language, the authors draw on well-known examples from urban culture to illustrate what works...and what doesn't. Focusing on natural and affordable alternatives to Western medicine, the authors provide recommendations that anyone can put to practice. Don't wait to pick this book up until it's too late. Volume One focuses on the status of health in the urban community, the "wrong foods" that make us unhealthy, the history of diet and healthcare among Black and brown people (focusing on how things changed for the worst), the diseases and illnesses that plague our communities, and holistic (natural) methods to heal and treat ourselves into wellness. Volume Two focuses on other essentials outside of diet (rest, water, sunlight, and more), hygiene, mental health, emotional health, health issues specific to women, having and raising healthy children, maintaining a clean and healthy household, and how to avoid the dangerous toxins in our food and environment.

16. The Science of Getting Rich

Wallace D. Wattles wrote “The Science of Getting Rich” in the early 1900’s, almost one century plus two decades has passed since then and the book has found its resurgence into our present time as people rediscovers his teachings. Wallace had made swift declarations in his book that this is the ONLY book one needs to get rich. He even goes into saying that one should not read other books but simply focus their energy on the ‘energy work’ that this book requires.

19. Aesop's Fables

Aesop was an African storyteller who lived in ancient Greece. He used tales about animals and nature to teach important life lessons and morals. These stories are now known around the world. This book contains 101 of Aesop's best fables, accompanied by over fifty world-class illustrations. As you'll see these fables are written for children, but their lessons are just as relevant for today's adults! Aesop's Fables are both universal and timeless, making this book a perfect centerpiece for families (and classrooms!) during a shared reading and discussion time.
